Dear Sir

This is Bincy Varghese, an Indian nurse who worked in Primus International Hospital Nigeria from 2011 to 2013. Currently I am working in Bahrain. I was trained in India. Now I am applying for canada nursing licence.. So they asked me to do the verification of license from all nursing council that I have worked.. So Nigeria is one of them.. They send me a form, that has to be filled and send by NMCN directly from the NMCN email to BCCNM email..

Regarding this I already got an email from you with the guidance on June 13th.. But I am not able to create an account in nmcn portal, as I am not trained in Nigeria..

They (BCCNM) need the verification of my license from NMCN, for only those years(2011 - 2013) that I worked there.

This is the only paper work pending for me.

I request you to kindly do the needful Sir. I am attaching my license copy issued by nmcn, BCCNM form also.. Waiting for your kind reply.

Thanking you
Your's faithfully
Bincy Varghese
